

October 1, 2020

To our valued customers:

We appreciate your continued support of the JAL Calendars.

We would like to notify you that this year the "A WORLD OF BEAUTY" calendar has been renewed to express the beauty of even more magnificent scenery and landscapes, even while the concept of the calendar remains the same: "Invitation to travel around the world."

The new "A WORLD OF BEAUTY" calendars will have the theme "Once in a Lifetime" and will capture beautiful moments found in nature and scenery around the world. Amid the changing times and natural environments, the scenery that you can see at that place at that time is a once in a lifetime happening. Every month, you will find exciting photos that will make you want to discover the unknown beauty of the world.

As for the 2021 calendar, we had to limit the photoshoot to 5 locations overseas and the rest was done in Japan, due to the impact of the Novel Coronavirus (COVID-19). This was unfortunate for us, but we have selected from the numerous scenic spots in Japan and hope that this will be a chance for you to rediscover the charm of Japan's nature once again.

We will continue to invite you to travel around the world and propose the pleasure of traveling as a JAL group.

Thank you for your continued patronage for the JAL Group and the "A WORLD OF BEAUTY" calendar.
